## Other Language

The objectives of language entail not merely means to communicate ~~but also~~ to share ideas, thoughts and emotions clearly and cogently. The department of Languages at DWPS, aims to arm students with effective communications skills in various languages. Most Indian students are inherently bilingual, or in many cases, multilingual. Their ability to switch effortlessly between different languages with different rules of grammar and sentence formation makes our job of creating global citizens all the more easy. We aim to hone their skills in their own mother tongue, the official language of the country as well as a foreign language, should they be interested.

### Urdu

Using Urdu words in our day-to-day conversations might look like a fad. But if you dig the meaning of these words, you will definitely fall in love with the language. Each word is laced with such poetry that it would put a smile on your face. Eloquent, yet ineffable, these 33 words ooze magic every time you use them.

**German** is the West Germanic language that is mainly spoken in central Europe. It is the most widely spoken and official language in Germany, Austria, Switzerland and in central European countries. At DWPS, students can learn it as their 3rd language.
